

It was necessary. And it is the height of absurdity to assert that he even dreamed of antagonizing an administration which he helped to elect. In the fulness of time the Democracy of the Nation will have a chance to determine the value of the mutterings of those who, day by day, misrepresent Mr. Hill's intentions, and to judge between their Democracy and his.

"Do you anticipate any break in the Democratic party in this State, Mr. Murphy?"

"The enemies of the Democratic party will be disappointed. There will be no break in the Democratic party in the State of New York."

Letter That Is Exciting Catholics.

ST. LOUIS, Jan. 18.—The Catholic clergy of St. Louis have been in a state of excitement for the past few days over the circulation of a surreptitiously obtained letter, alleged to be from Archbishop Ireland to Archbishop Riordan, concerning the developments in the school question and the position of St. Basil's.

The letter, which is said to have been stolen from the waste paper basket of Archbishop Riordan, of San Francisco, after it had been sent to him by the archbishop, was pasted together. According to the report to-day, which came from a source that cannot be doubted, the letter was pasted together by a number of priests supposed to be friendly to Archbishop Ireland's opponents on the school question.

The question of debate was: "The corporation should be further limited by national legislation." Lamson, Donnelly and Cummings were Yale's representatives.

Harvard's were Charles Edward H. Warren and Arthur P. Stone. The judges were Prof. W. R. Seligman, of Columbia; President E. B. Andrews, of Brown University; and Hon. William E. Barrett, Speaker of the House of Representatives.

Within the past four days eight members of the organization, employed at stations between Toledo and Danville, Ill., have been let out, and every mail is bringing notices of decapitations.

Passenger Crashes Into a Miner's Train on the Vandalia at Knightsville.

Special to the Indianapolis Journal.

TERRE HAUTE, Ind., Jan. 18.—A dispatch to the Express from Brazil, Ind., says: At 7:50 o'clock this evening a serious wreck occurred on the Terre Haute & Indianapolis railroad at Knightsville, three miles east of this city. The miners' train carrying miners from this city to the various mines east of here was standing on the side-track waiting for the east-bound passenger train to pass, when the passenger train on the Center Point division of the Terre Haute & Indianapolis road dashed around the curve and crashed into the miners' train with terrible force. Both trains were filled with miners, and were piled in one massive heap. Four cars with their human freight were thrown from the track and badly wrecked. It is said that seventeen persons were more or less injured, but none were killed outright. Wat Llewellyn, a miner living near Hadley town, a suburb of this city, was terribly crushed, and it is feared he will die. It is impossible to obtain the names of all injured and the full particulars at this time. The cause of the wreck is unknown, but it is said that some of the trainmen were new ones and unacquainted with the road. All the injured men were brought to this city and cared for.

Attempted Murder at Montezuma.

Special to the Indianapolis Journal.

ROCKVILLE, Ind., Jan. 18.—Montezuma, this county, was the scene of almost a murder yesterday afternoon. Charles H. Purcell and a man by the name of Myers quarreled and Myers put his hand in his pocket. Purcell thought he was going after a revolver and immediately shot Myers. The ball struck him in the right cheek and ranged downward. The doctors probed for the ball, but could not find it. The sheriff searched Purcell and found a .32-caliber revolver; one chamber had been discharged. He also had a knife, the blade of which was 3 1/2 inches long. Purcell is under \$2,000 bond.

Alexander Campbell, who killed the town marshal of Eugene, was out in jail here for safe-keeping the jail being public improvement to hold the prisoner. He was confined for a short time in the Terre Haute jail, then removed to the Rockville prison. Rockville now has two murderers and two attempted murderers in jail.

Democratic Councilmen Conspiring.

Special to the Indianapolis Journal.

TERRE HAUTE, Ind., Jan. 18.—Four Democratic members of the City Council last night laid themselves liable to a fine of not less than \$100 for bolting a meeting of the Council. They were present when the Council assembled, but there happened to be a majority of Republicans present, and four councilmen left the chamber to break a quorum so as to prevent the allowance of the bill of City Engineer Fitch. The affair is a sequel to the scandal that arose from the exposure of a conspiracy to defraud the city of Terre Haute by the councilmen.

At that time there was a general demand on the part of the people that the city engineer's office be placed in charge of the city's affairs, but it is said that some of the councilmen were new ones and unacquainted with the road. All the injured men were brought to this city and cared for.
